

CODING JAM

Registrations:

- This event is open to all the students of the DSCE campus, irrespective of their department and semester.
- This is not a team event and requires individual participation.
- Prior registration needs to be done through the form link circulated.
- The College ID Card is mandatory.
- During The Event
- The offline presence of the participants is required.
- All Students are expected to reach the venue at the reporting time shared by the organizing team.
- The duration of the coding contest is 60 minutes.
- The contest will consist of 3 coding questions related to Data Structures and Algorithms.
- No extra time will be provided to any participant.

Judging Criteria:

- The maximum score is 100.
- Points are allotted for every test case. Some test cases may carry more points than others.
- The final ranking will be based on the total points scored by the individual.
- In the case of two participants scoring the same points, the time taken by each participant will be considered for deciding the rank.
- Decisions made by the organizers will be final.
- The participants with the highest and the second-highest total scores will be declared the winners and runners, respectively.

General Guidelines:

- Plagiarism would lead to straight disqualification.
- Switching tabs or windows during the test is not allowed.
- Any kind of malpractice will lead to disqualification.
- No penalty for multiple submissions.
- The contest organizers reserve the right to change the rules at any time.
- By participating in the contest, contestants agree to abide by these rules and any additional instructions provided by the contest organizers.
